A WIFE OF VALOR: YOUR STRATEGIC IMPORTANCE IN GOD'S BATTLE PLAN

Dear Reader,

Like most first editions, the first printing of *A Wife of Valor* included several typographical errors. Among these were a number of places in the original version where the Scriptures had been quoted correctly, but with incorrect references. Below you will find the errata which I have prepared for the convenience of those who own the copies of the first edition.

In His Grace,

Rebecca D. Bruner
